## **Alumni Directory 2018**

## **The Quality of Our Leadership Will Determine Our Future in Indian River County**

Leadership Indian River County recruits and educates Indian River County's most talented business and community leaders. Our diverse group of participants graduate from the program with an understanding and insight into the community taking them from behind the scenes and placing them ahead of the curve. Our program inspires personal engagement to take on greater responsibility in our community and at work.

Our program includes an orientation and seven day-long segments on high priority topics such as:

- \*Children & Education**
- \* County Government**
- \*Eco-Cultural-Heritage**
- \* Human Needs & Services**
- \*Economic Diversification & Tourism**
- \*Municipal Government**
- \*Local Agriculture**

The task of the leader is to get his people from where they are to where they have not been. ~Henry Kissinger

***Certainly a leader needs a clear vision of the organization and where it is going, but a vision is of little value unless it is shared in a way so as to generate enthusiasm and commitment. Leadership and communication are inseparable.***
